

**Clarify Industries**

Water and Wastewater Equipment Supplier

**FI GROUP**

**One Step Ahead**

# INTRODUCTION

Incorporated as a Sole Proprietorship under Mr.Chandresh Moradiya in the year 2021 at Surat (Gujarat, India), "Clarify Industries" is an eminent entity involved in trading a wide range of Water Treatment equipment such as RO plant, Softener Plant, Effluent treatment plant, Sewage treatment plant, Swimming pool filtration equipment, Diffusers, Water treatment Chemicals etc. Offered products are highly appraised for their durability, high strength, fine finish, rust resistance, etc. & also with designing and Service, we have gained a noteworthy position across the national market.

## WE OFFER CUSTOMIZED SOLUTIONS TO YOUR FOLLOWING NEEDS

### REVERSE OSMOSIS MATERIAL

Industrial RO Plants,  
Commercial RO plants,  
Sea water Desalination Plant

### SWIMMING POOL FILTRATION SYSTEM MATERIAL

Commercial Filter System  
Farm House filter System  
Water Park project

### WASTE WATER TREATMENT MATERIAL

Effluent Treatment Plants(ETP)  
Sewage Treatment Plants(STP)

### DM Plant

### Softener Plant

# AUTHORIZED CHANNEL PARTNER

Authorised Dealer of

**EDI (Environmental Dynamics India Pvt Ltd)**

in Gujarat territory for following items.

## AERATION...

- Diffused Aeration Systems
- Retrieable Diffused Aeration System Tube/Disc
- Fine Pore Diffuser Membranes –EPDM/PU/Silicon

Authorized Distributor of

**VFS (Vivek Flowtech System)**

in South Gujarat for following items,

## Solenoid Valve...

- Manufacturing in SS-304 and Aluminum
- Pilot Operated Solenoid Valve
- Semi lift Diaphragm Type Solenoid Valve
- Direct Acting Solenoid Valve
- Dust Collector Valve
- Auto Drain Valve

Authorized Distributor of

**A1 (A1 Blower Pvt. Ltd.)**

in Gujarat for following items,

## Blower

- Twin Lobe Blower
- Tri Lobe Blower
- Turbine Blower

Authorized Distributor of

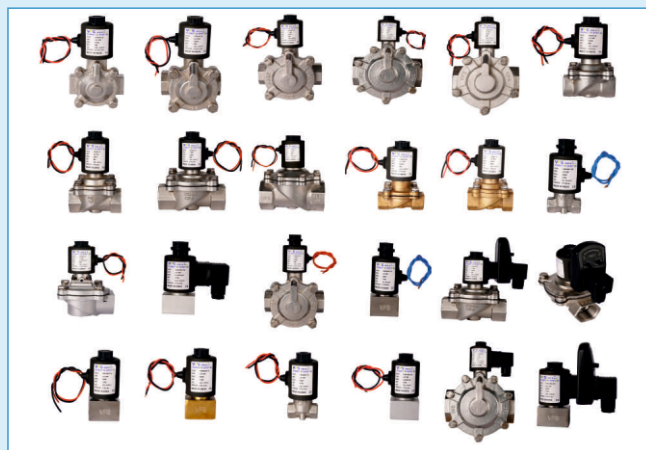

**RIO (Rio Water Pvt. Ltd.)**

in Gujarat for following items,

## Swimming Pool

- Swimming Pool Filter Equipment
- Heat Pump
- Vessel

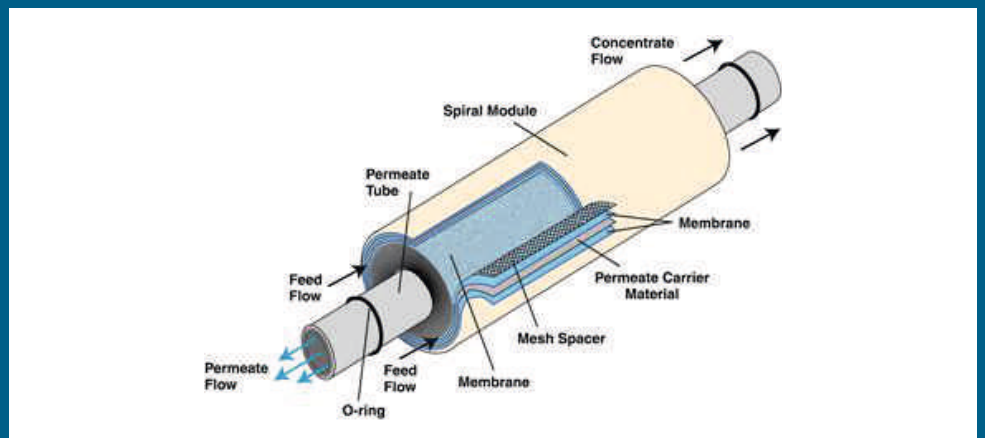

# Commercial and Industrial RO Plant Equipment

- ☑ Reverse osmosis System is based on membrane technology.
- ☑ Sand and Carbon filter through remove respectively 25 mm dia particle and order.
- ☑ PP remove nearly about 5  $\mu$  dia particle.
- ☑ The membrane is removing particle of 0.0001 dia and also remove 90% dissolved salts, bacteria, virus, inorganic and heavy metals.
- ☑ RO systems ranging from 100 lph to 50,000 lph.
- ☑ We manufacture RO plant as per your requirement.

## Main Component of RO Plant

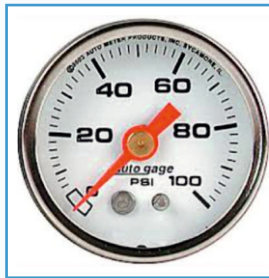

## DOSING PUMP

Metering Pump  
Diaphragm Pump  
SS Pump  
PP Pump

## PRESSURE GAUGE

Bottom  
Back

## FLOW METERS

Tube type  
Panel Type  
Flange Type

## CARBON & SAND

Coal	River
Coconut	Quarts
	Garnet

## FLOAT SWITCH

1 meter  
2 meter  
3 meter

## MULTI-PORT VALVES

Top Mount  
Side Mount  
Auto

## SOLENOID VALVE

Brass  
SS  
Plastic

## D V SYSTEM

Top  
Bottom  
Side

## Membrane Hosing

FRP ( 40" & 80")  
SS 304 ( 40" & 80")

## Industrial RO Panel

Auto  
Manual

## Vessel

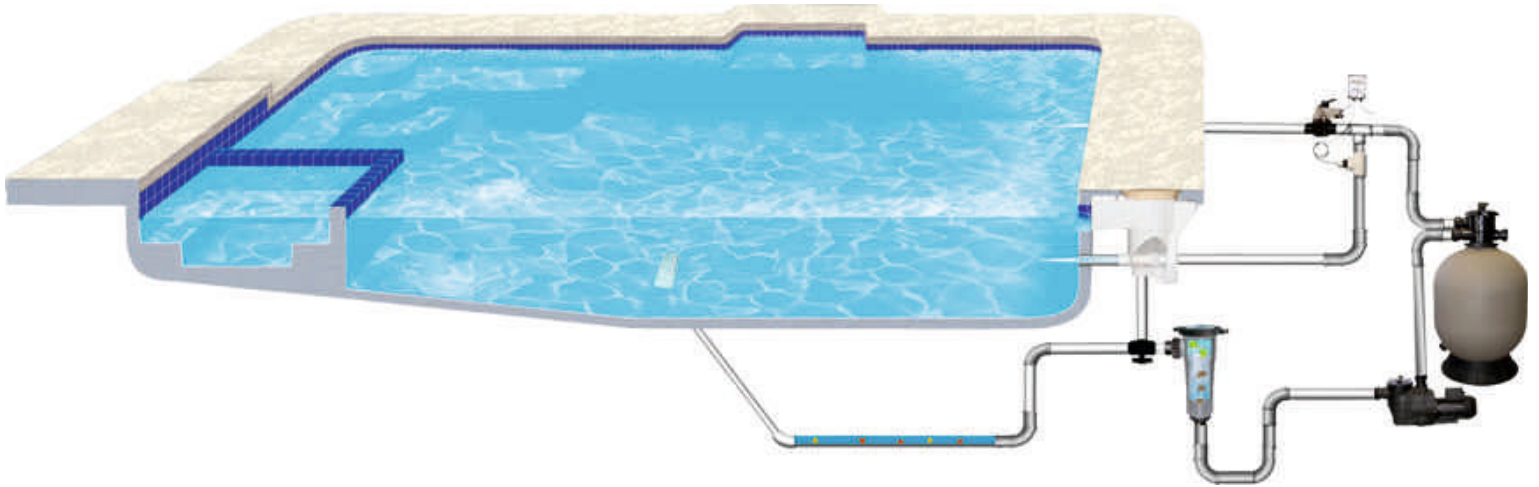

FRP  
SS 304, 316  
MS FRP  
MSEP

## Filter Bowl

Bag Filter Bowl  
PP Span Filter Bowl  
SS Bowl

# Swimming Pool Filtration Plant

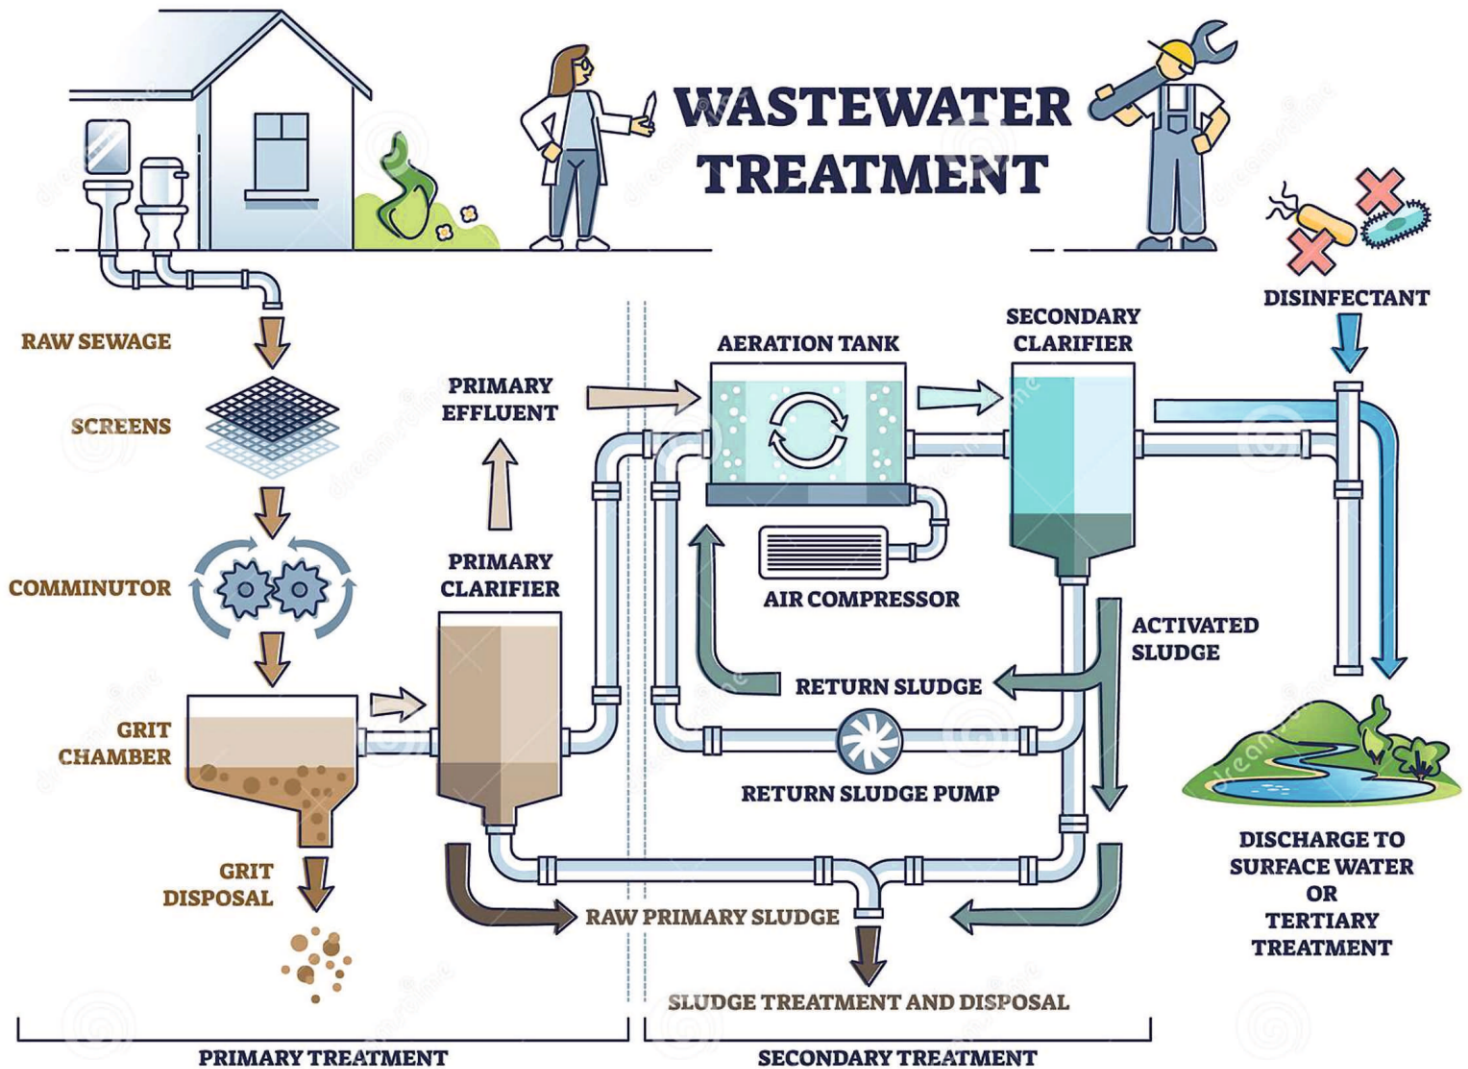

Swimming pool filtration system is removing dust, sludge etc.  
We will provide to you design and swimming construction as per your requirement.

## Components of Swimming Pool Filtration Plant

# ETP and STP Product

## Components of ETP and STP

FI GROUP

Incorporated as a director under Mr.Chandresh Moradiya in the year 2016 at Surat (Gujarat, India), “Fi Group” is a leading global engineering firm offering customized solutions in the industry field. Fi Group, a dynamic and versatile corporation, stands as a beacon of innovation and excellence across various industries. Established with a commitment to diversification and strategic growth, Fi Group has successfully carved a niche for itself in multiple sectors, showcasing a remarkable blend of expertise, adaptability, and forward-thinking vision. Fi Group has evolved into a powerhouse with a presence in water and wastewater treatment, mechanical, electrical and food industry. The company’s unwavering dedication to excellence, coupled with a robust strategy for expansion, has positioned Fi Group as a leader in each of its diverse ventures.
